

BROMAN CELLARS

2002 Broman Napa Valley Cabernet Sauvignon

Tasting Notes

The 2002 Broman Napa Valley Cabernet is a perfect blend of two very well-known and esteemed vineyards. The fruit is sourced from the Dr. Crane vineyard in Saint Helena and the Georges III vineyard in Rutherford along the Silverado Trail. These vineyards consistently produce fruit that is intense, concentrated and well-balanced.

Winemaker's Notes:

The 2002 Cabernet Sauvignon from Broman Cellars exhibits pronounced dark fruit, black cherry and cassis flavors. A touch of anise on the nose along with a hint of leather rounds out this elegant and complex wine. Finely integrated tannins and an extended finish make this wine a classic.

Alcohol: 14.5 percent Total Cases Produced: 315
