

# BROMAN CELLARS

---

## 2004 Broman Napa Valley Syrah

---

### Tasting Notes

*This 2004 Broman Napa Valley Syrah was produced from grapes from two different vineyards in the Oak Knoll District of Napa Valley. This wine is 100% Syrah and was aged in French oak for approximately 28 months.*

### Winemaker's Notes:

Bob Broman finds the Oak Knoll District to be a “sweet spot” for syrah. This one is a powerhouse wine; inky, ripe and satisfying. Blueberries and blackberries mesh with earthy qualities, bacon fat and leather undertones. This wine is plush and full on the palate with long, lingering tannins.

**Alcohol: 14.9 percent**

**Total Cases Produced: 413**
